

Regional phone line as well.

We have been working with our answering service for our help line numbers, (501) 373-8683 and toll free (866) 754-2579, to get the most current meeting information available there as well. We have also been updating and correcting the information of our members who are available to take help line calls through our help line.

We have been updating the Central Arkansas Area web site, [www.caasc.org](http://www.caasc.org), with the most current meeting information and activities on our calendar as well as making sure that the ARSCNA web servant has the most current information available for that site as well.

Other than those things we have participated in a PI workshop for the Foothills Unity Area in preparation for them going in to a local high school and doing a presentation. Great participation and I think that they had a very successful outcome from all reports.

If you need any additional information I will be headed back out of town here in the next couple of hours and won't be back until Sunday evening but I can be reached via cell phone at the number above.

Thank you,

Dwayne Davis

As far as what is happening with the Public Information efforts in the Central Arkansas Area...

We are gearing up for the MidsOUTH Summer school which will be happening June 8th - 13th, 2008 on the University of Arkansas, Little Rock campus in the Donaghey Student Center. We'll have an information booth set up there during the entire week with a display, information and literature as well as individual members available to answer any questions the participants might have.

We have contacted the Foothills Unity Area PI and ARVANA PI committees about getting some volunteers to help come in and man the booth during the week. We still need to contact the Greers Ferry Lake Area PI committee about doing the same. If you have the contact information for their PI Chair I'd appreciate you either forwarding the request for participation or letting me know how to get in touch with them.

If anyone else throughout the Arkansas Region is interested in helping, have them contact me directly, either at the email address or telephone number listed above.

I believe our ASR or Alt will be putting in a motion to get some ARSCNA meeting lists printed for the MidSouth effort.

We have, of course, contacted the WSO and will be receiving what information that they have to send for the display.

Outside of MidsOUTH we are currently assessing all of the literature racks that we have placed in numerous locations throughout the Central Arkansas area and trying to make sure that they are being properly filled and utilized to effectively carry the message about Narcotics Anonymous, who we are, what we do and where to find us. We have received several new requests for literature racks and are taking a look at those with an eye to fulfilling our primary purpose.

We have been working with the Outreach Chair of the ARSCNA to get our meetings updated on the Regional meeting list and the patch list for the
