

Arkansas Regional Service Committee  
WebMaster Report  
March 30, 2003

Hello Family!

Changes to meetings from the Phonenumber listing have been posted. Conway's Serenity Seekers called their meeting information in to the Regional Phonenumber, however, not as members of the Central Arkansas Area. Activities have been added as requested and removed within a week after they are over. Foothills Unity Area has listed two activities with the Regional Phonenumber and the answering service faxed the information. The minutes for the February 2003 RSC and Guidelines Addendum I have also been posted to the site.

The drop-down type main menu for surfing our site is up and running on all site pages. It, however, will not allow opening of associated links to pages outside arscna.org in a new browser window. And although I reported at the last RSC that correction of code for consistency of the look of our site on the less tolerant Netscape browser was just about completed, when the drop-down menu was uploaded, I found that I had not made all necessary corrections and will once again be working on that.

With regard to maintenance of the NAWS database, I have still not received any Area Service Committee information update forms from our member Areas. If you have misplaced the form I handed out at last RSC, didn't get one or need another one, please let me know. I am also still working on a plan of action for obtaining updated information from the member groups of the Arkansas Region as well as the many isolated groups in Arkansas. So far, I have not needed any supplies to accomplish this task. We discussed the detailed summary of meetings with no area support listed on the NAWS database. Members volunteered or were appointed to go to the meetings listed to find out if they were still meeting. As a reminder to those members, please ask a representative of any still existent groups contact the WebMaster (email or 800# patch) to update existing information with current meeting and trusted servant information.

The WebMaster Onesuite Phone Card has \$17.07 or approximately 589 minutes remaining. One (1) minute was used that allowed for updating the NAWS database with corrected trusted servant and meeting information.

In Loving Service,   
Valerie Mc., ARSCNA WebMaster
