

Hello Family!

The laptop computer I have been bringing with the website loaded on it is still not repaired and I did not have enough ink in my printer to print the website to have available here today.

There has been some confusion as to what the answering service is to do with updated and new meeting information as well as listings of activities within our region. I spoke at length with the owner of the service and believe that in the future this information will be faxed to me for updating the website. Changes to meetings received from the Phoneline have been posted except for a few that came in the past 2 days. Activities have been added as requested and removed within a week after they are over. The minutes for the July 2003 RSC have also been posted to the site. Central Arkansas Area sent a revised meeting schedule and the September 2003 edition of the Regional Meeting List have both been posted.

With regard to maintenance of the NAWS database, I have still not received any Area Service Committee information update forms from our member Areas. Will all Area RCMs and/or ASRs please get a form from me before you leave this weekend. I plan to bring meeting update forms for all meetings listed under the Arkansas Region on the NAWS database to the next RSC in another attempt to get correct information listed with the regional phone line, regional meeting lists, regional website and the NAWS database. The WebMaster OneSuite Phone Card still has \$17.07 or approximately 589 minutes remaining.

Since very our trusted servants are accessing few of our arscna.org e-mail accounts, I would like to propose that they be deleted and removed from our website. If anyone does send mail to any address that is not recognized as active or valid, it is sent automatically to the webadmin account so no correspondence should be lost. Bill stated that he would like the RD account to remain active, no one else objected to deactivating the remaining accounts.

A few general e-mails have been received and I have attached them for you to make available to your groups for informational purposes. They include the following 'topics':

1. WANT TO WRITE YOUR STORY FOR PUBLICATION ON A COPYRIGHTED WEBSITE?
