**THE DEAD IS DEAD
WE DO RECOVER**

CAACNA XXI

August 28-30, 2009

The Twelve Steps of Narcotics Anonymous

1. *We admitted we were powerless over our addiction, that our lives had become unmanageable.*
2. *We came to believe that a Power greater than ourselves could restore us to sanity.*
3. *We made a decision to turn our will and our life over to the care of God, as we understood him.*
4. *We made a searching and fearless moral inventory of ourselves.*
5. *We admitted to God, to ourselves, and another human being the exact nature of our wrongs.*
6. *We were entirely ready to have God remove all these defects of character.*
7. *We humbly asked him to remove our shortcomings.*
8. *We made a list of all persons we had harmed, and became willing to make amends to them all.*
9. *We made direct amends to such people, wherever possible, except when to do so would injure them or others.*
10. *We continued to take personal inventory and when we were wrong promptly admitted it.*
11. *We sought through prayer and meditation to improve or conscience contact with God, as we understand Him, praying only for knowledge of his will for us and the power to carry it out.*
12. *Having had a spiritual awakening as a result of these steps, we tried to carry this message to addicts, and to practice these principles in all our affairs.*

The Lie is Dead We Do Recover

"The story of the Phoenix is as old as time. The tale of a bird burning itself every 500 years in order to renew its immortality has been passed through all major civilizations since the ancients Greeks. Sensing old age and lackluster, the mystical bird collects kindling and fans its own fire while nesting upon the flames. From the ashes of the old Phoenix, a young and beautiful Phoenix is reborn. By overcoming fire, death, and old age, **the Phoenix represents triumph over adversity and rebirth**
